Australian Standard 2249-1979

AUSTRALIAN SANDARAC RESIN

STANDARDS ASSOCIATION OF AUSTRALIA
STANDARDS HOUSE, 80 ARTHUR ST, NORTH SYDNEY, N.S.W.
Incorporated by Royal Charter

A COMMITTEE COMPRISING PRODUCERS AND USERS OF ESSENTIAL OILS, together with the Museum of Applied Arts and Sciences, NSW, was entrusted with the preparation of this standard.

This standard, prepared by Committee CH/21, Essential Oils, was approved on behalf of the Council of the Standards Association of Australia on 2 February 1979, and was published on 1 April 1979.

The specification is intended to include the technical provisions necessary for the supply of the materials referred to but does not purport to comprise all the necessary provisions of a contract.

In order to keep abreast of progress in industry, Australian standards are regularly reviewed. Suggestions for improvement to published standards, addressed to the head office of the Association, are welcomed.

PREFACE

This standard, prepared under the direction of the Association's Chemical Standards Board, is based on a submission from the Museum of Applied Arts and Sciences, Sydney.

It is one of a series of Australian standards for essential oils and related substances, the others being—

- | | |
|----------|---|
| AS 2112 | Oil of Sandalwood, Australia |
| AS 2113 | Oil of Australian Eucalyptus, 70-75 percent Cineole |
| AS 2114 | Oil of Lavender, Australia |
| AS 2115 | Oil of Australian Eucalyptus, 80-85 percent Cineole |
| AS 2116 | Oil of Eucalyptus Citriodora, Australia |
| AS 2247 | 1, 8-Cineole |
| AS 2248 | Eucalyptus Oil Terpenes (Phellandrene Fraction) |
| AS K175* | Oil of Melaleuca Alternifolia. |

*In course of revision.
