Australian Standard[®] 1477.4—1988

UNPLASTICIZED PVC (UPVC) PIPES AND FITTINGS FOR PRESSURE APPLICATIONS Part 4—POST-FORMED BENDS

This Australian Standard was prepared by Committee PL/21, Unplasticized PVC (UPVC) Pipe. It was approved on behalf of the Council of the Standards Association of Australia on 12 May 1988 and published on 8 August 1988.

The following interests are represented on Committee PL/21:

CSIRO, Division of Building Research
Department of Local Government, Qld
Engineering and Water Supply Department, S.A.
Federated Master Plumbers of Australia
Hunter District Water Board
Melbourne & Metropolitan Board of Works
Metropolitan Water Authority, W.A.
Public Works Department, N.S.W.
Rural Water Commission, Vic.
The Plastics Institute of Australia Inc.
Water Board, Sydney

Review of Australian Standards. To keep abreast of progress in industry, Australian Standards are subject to periodic review and are kept up-to-date by the issue of amendments or new editions as necessary. It is important therefore that Standards users ensure that they are in possession of the latest edition, and any amendments thereto.

Full details of all SAA publications will be found in the Catalogue of SAA Publications; this information is supplemented each month by SAA's journal 'The Australian Standard', which subscribing members receive, and which gives details of new publications, new editions and amendments, and of withdrawn Standards.

Suggestions for improvements to Australian Standards, addressed to the head office of the Association, are welcomed. Notification of any inaccuracy or ambiguity found in an Australian Standard should be made without delay in order that the matter may be investigated and appropriate action taken.

This Standard was issued in draft form for comment as DR 87047.

PREFACE

This Standard was prepared by the Association's Committee PL/21 on Unplasticized PVC Pipe, to supersede AS 1477.4—1973.

The Standard specifies requirements for unplasticized PVC post-formed bends for pressure applications, for use with pipes complying with AS 1477.1, *Unplasticized PVC (UPVC) pipes and fittings for pressure applications (metric units)*, Part 1: *UPVC pipes for pressure applications*.
