

AS 2498.0—1993

Reconfirmed 2020

Australian Standard[®]

**Methods of testing rigid cellular
plastics**

**Part 0: General introduction and
list of methods**

This Australian Standard was prepared by Committee PL/16, Rigid Cellular Plastics for Thermal Insulation. It was approved on behalf of the Council of Standards Australia on 23 April 1993 and published on 12 July 1993.

The following interests are represented on Committee PL/16:

Australian Assembly of Fire Authorities

Division of Building, Construction and Engineering, CSIRO

Master Builders Construction and Housing Association, Australia

Railways of Australia Committee

The Plastics Industry Association

Review of Australian Standards. *To keep abreast of progress in industry, Australian Standards are subject to periodic review and are kept up to date by the issue of amendments or new editions as necessary. It is important therefore that Standards users ensure that they are in possession of the latest edition, and any amendments thereto.*

Full details of all Australian Standards and related publications will be found in the Standards Australia Catalogue of Publications; this information is supplemented each month by the magazine 'The Australian Standard', which subscribing members receive, and which gives details of new publications, new editions and amendments, and of withdrawn Standards.

Suggestions for improvements to Australian Standards, addressed to the head office of Standards Australia, are welcomed. Notification of any inaccuracy or ambiguity found in an Australian Standard should be made without delay in order that the matter may be investigated and appropriate action taken.

This Standard was issued in draft form for comment as DR 92129.
